

WEEKLY UPDATE

December 10, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. Since the onset of this virus, we have had 72 residents and 23 staff members test positive for COVID-19. We have had 22 staff members return to work. We have had 53 residents recover. We are continuing to test our staff every Monday and Thursday going forward until county prevalence rates allow for a decrease in frequency of testing.

As previously reported, we have had 1 new positive case of COVID-19 identified during routine testing on November 9th, 2020. After that identification, we tested all staff and residents for COVID-19 twice a week for 14 days. Fortunately, no other positive cases of COVID-19 have been identified in staff or residents since November 9th, 2020.

We are continuing to do Outdoor Visitation. Please contact us at the phone number listed below to make appointments.

As you have probably heard, the CDC recently announced that healthcare workers and long-term care residents should be among the first group of people to receive the vaccine for COVID-19. We are optimistic this will help stop the spread of this virus in our community. Consents for the vaccines are currently available and while we do not have the exact dates that the vaccines will be administered, we will let you know as soon as that information is available. We will be mailing out consents, with return envelopes enclosed, in the coming days. In the meantime, please continue to do your part in limiting the transmission of COVID-19 by wearing masks, washing your hands and keeping a safe distance from others.

We are also working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 864-288-1415.

Sincerely,

A handwritten signature in black ink, appearing to read "Kirk Broome", with a long horizontal line extending to the right.

COVID-19 NOTIFICATION

December 19, 2020

Number of additional confirmed COVID-19 cases in the last 24 hours: 2

Please continue to check our website for additional updates and information on what we are doing to help prevent further spread of COVID-19 in our facility.

If you have any questions or concerns about this notification, please contact us directly at 864-288-1415.

WEEKLY UPDATE

December 2, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 72 residents and 23 staff members test positive for COVID-19. We have had 22 staff members return to work. We have had 53 residents recover. We are continuing to test our staff every Monday and Thursday going forward until county prevalence rates allow for a decrease in frequency of testing.

As previously reported, we have had 1 new positive case of COVID-19 identified during routine testing on November 9th, 2020. After that identification, we tested all staff and residents for COVID-19 twice a week for 14 days. Fortunately, no other positive cases of COVID-19 have been identified in staff or residents since November 9th, 2020.

We are continuing our Outdoor Visitation. Please contact us during business hours at the phone number listed below Monday through Friday to schedule an outdoor visit with your loved one. The schedule currently runs on Tuesdays, Thursdays, and alternating Saturdays and Sundays. We are also able to make accommodations, on an individual basis, for visits that are not able to be done during the scheduled times. Visitation remains at discretion of facility management and will have to account for things such as inclement weather and resident's current condition.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 864-288-1415

Sincerely,

A handwritten signature in blue ink that reads "Kirk Broome".

WEEKLY UPDATE

December 30, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 72 residents and 27 staff members test positive for COVID-19. We have had 24 staff members return to work. We have had 53 residents recover. We are continuing to test our staff every Monday and Thursday going forward until county prevalence rates allow for a decrease in frequency of testing.

We have had 4 new positive cases of COVID-19 identified during routine testing on December 18th, December 21st and December 24th. After that identification, we tested all residents for COVID-19. Fortunately, no other positive cases of COVID-19 have been identified for our residents. Our last newly identified case of COVID-19 was identified on December 24, 2020. We have performed routine testing of residents and staff since then and will continue to do so.

Unfortunately, Outdoor Visitation is suspended and must remain suspended until 14 days have past since the last newly identified case of COVID-19 has occurred in staff or residents. At this time, we anticipate Outdoor Visitation possibly resuming January 9, 2021. We will make every effort to have Outdoor Visitation resume as quickly and as safely as possible.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 864-288-1415

Sincerely,
